## Transportation Facts

**Transportation Facts** are Topical Fact Sheets produced by the Capital Area Metropolitan Planning Organization for the Jefferson City, Missouri metropolitan area.

### **Commuter Work Flows between Counties for Callaway, Cole, Moniteau and Osage Counties.**

The 2000 census identified the counties of residence and the counties where people work, and refer to it as work flows between counties.

The following tables show the top ten destinations of residence to work flows for the four counties that comprise the Jefferson City Metropolitan Statistical Area, and comprise 98 to 99% of all county of residence to work flow movements.

“Residence to work” flows are one measure of social and economic integration. These flow numbers also provide a measure of commuting within a region, for work related travel.

**The following tables contain “residence county” to “workplace county” flows for Callaway, Cole, Moniteau and Osage Counties.**
