***Program Objectives:***

The Jefferson City Parks and Recreation Department and the Jefferson City School District have established the following objectives for its youth sports programs. It is our hope, our goal, and our responsibility to see that youth sports will be approached by all concerned as programs which will:

- 1) provide enjoyment for the participants, coaches, and parents;
- 2) contribute to the mental, emotional, physical, and social development of the children;
- 3) foster character by teaching participants how to win and how to accept defeat, while continually placing emphasis on fair play and fun;
- 4) provide an opportunity for parents and children to participate in a common leisure interest;
- 5) provide all children, regardless of skill level, the right to participate as a child with competent, caring adult leadership and guidance;
- 6) treat all children with dignity;
- 7) provide adults with an opportunity to teach children the importance of sportsmanship, mature behavior, and the fun of participation in sports.
